PUBLIC NOTICE

The Golden Crescent Regional Planning Commission (GCRPC), as the designated Rural Transit District for the Golden Crescent region, is issuing this public notice regarding impending service reductions in our rural service areas.

Due to rising demand for rural transit services and limited available funding, GCRPC and its rural providers are currently unable to meet the full scope of regional transportation needs. Without additional funding, continued operations at current service levels cannot be sustained throughout the remainder of the fiscal year, which ends August 31, 2025.

As a result, service reductions will begin taking place in the rural counties we serve. GCRPC is actively seeking additional funding to help maintain essential transportation services for rural residents. Until such funding is secured, we ask that riders begin preparing for adjustments to service availability in their area.
